GS Venture Partners of Bellevue and C&C Packaging Services announced today they have signed a long term lease on Building C at Gayteaway Business Park in Arlington.

Relocating from Monroe, C&C Packaging Services, Inc. specializes in contract/custom packaging services, product manufacturing & assembly, commercial printing services, and warehousing solutions.

Al Curva, owner, says “this move stems from C&C’s potential growth in the Arlington/Marysville area and will enable C&C to continue serving its current customers, such as Peloton/Precor-manufacturer of Retail & Commercial Exercise Equipment, WD Distribution of Jeep accessories, and other accounts that C&C assembles and package products to be sold to Amazon.”

“It is exciting to see C&C Packaging Services relocate to Gayteway. We welcome them along with all of the other companies that have recently made the move or targeted Arlington for expansion and relocation.” Chris Gayte, Managing Partner at GS Venture Partners.
